

New London Republicans 2011 Campaign Message

This year's candidates from the New London Republican Party are seeking positions to the City Council and the Board of Education in order to further transparency, efficiency, and accountability in New London city government. If elected, the New London Republicans will build upon the success of their predecessors by continuing a practice of openness and due diligence. With this in mind, the New London Republicans will endeavor to:

- **Increase public safety**
- **Make education more effective**
- **Improve performance of city programs**
- **Maintain stable tax rates**
- **Create a balance of quality housing opportunities**
- **Enhance the infrastructure**
- **Promote the city's business and retail industry**
- **Encourage increased usage of the waterfront**
- **Reinvigorate neighborhood participation in government**

The New London Republicans will represent all those who are invested in New London and who await the realization of its potential. This will be done not by a group adhering to a supplied viewpoint, but as a collection of individuals with shared values. New London is moving in the right direction and the New London Republicans are here to keep that momentum going.
